

On-Call Availability Notifications

Date: 7/22/26

Setting Up Availability Notifications

1. Setting Up Availability Notifications

- 1 • In the top-right corner, click your **profile picture** to open the account menu.
- 2 • Select **Notification Preferences** from the dropdown. (Sign Out also lives in this same menu now.)
- 3 • The **Notification Preferences** window opens on **On-Call Availability Notifications**.
- 4 • Use the **Search providers** box to quickly find a provider by name.
 - Only providers in **your market** are listed.
- 5 • **Check the box** next to each provider you want to follow.
- 6 • Selected providers move to the **top** of the list for easy review.
- 7 • Click **Save**

Daily On-Call Availability Email

2. Daily On-Call Availability Email

- 1 • Each morning at **7 AM EST**, Roshal emails you a roll-up of on-call availability submitted in the **last 24 hours** by the providers you follow.
- 2 • The email groups submissions **by provider**, showing their name, email, and phone.
- 3 • Under each provider is a table of **Day, Start, and End** times for every on-call availability window they submitted.

[local] On-Call Availability — 3 new submission(s) — June 19, 2026
